Gen. Howard, in the course of a few days, will pay a visit to several of the principal cities of Maine and Massachusetts, where he will deliver addresses on the condition of the freedmen.

Messrs. Thomas and Meade are expected in Washington early this week, to confer with Gens. Grant and Sherman, who are both in favor of keeping the affairs in their respective departments, and to report for the proposed re-organization of the reconstruction army. Gens. Sheridan, Canby and Sickles will be part of the staff to be left after the discharge policy is decided upon.

The United States General Hospital at Camp Butler, near Springfield, Illinois, was closed as a permanent one on the 21st instant, and will pay hereafter the ordinary rates of board.

The Mexican "Empress" and suite turned out to rather laughable time at Vera Cruz upon her second arrival. Nobody was there to receive her. It is said the carriage ordered specially for the occasion broke down on the way.

Richmond correspondent of the New York *Herald* writes that one of the Virginia delegates, waiting to get into Congress, sends word to that city that it is the intention of President Johnson to supersede the present Virginia State Government by a Provisional Government. This creates much excitement in Richmond.

The citizens of Valparaiso having organized a city government, have determined to celebrate, under the new order of things, the first National Anniversary on the usual recipe! To make every part a success, they ordered Hon. Schuyler Colfax to the order of the occasion, and, if he could not, would be engaged elsewhere if they waited until they did know. Mr. Colfax, in a letter declining the unlimited without distinction of party in inviting him at once. He was consented to be present, provided the invitation was extended to all Americans.

Advices from Mexico are important. The Liberal General Morelos had defeated the Imperialists, but he was overpowered by numbers, defeated by heavy loss. The Liberal General Martinez has captured the town of Alamos. The commander of the Liberal forces in Durango, by order of such a one of Bazaine, by United States troops. The Paris correspondent of the *Independence Belge* remarks the presence of the Austrian Archduke Maximilian, and the withdrawal of the French troops from Mexico.

Mr. Wm. M. Evarts, of New York, has at last settled down to the work in preparing for the defense of Andersonville jail, or, as the "boys" of visitors, were engaged in overhauling the papers for all trials for treason since the days of the tribunes. The Government has been collecting and swindling against by the agents.

The New York *Herald* says the members of Queen's Bench, Montreal, suspected for Havana, would leave New York Wednesday afternoon, 24th inst., by the steamship Eagle. Carl Formes has joined the company.

A convention of the United States Commercial Travelers' Association will be held at Cleveland, Ohio, on Tuesday, February 13th. The call for the convention is signed by D. M. Adams, President, and George F. Cochrane, Secretary. A communication by President Johnson is reported in our despatches, to which he deprecates the disposition to "change the Constitution, and to allow himself to favor of, to amending the basis of representation and to make voters the basis of representation and property the basis of direct taxation."

New Genuine Bank Notes are Made.

A Letter from an Expert.

MESSRS. EDITORS:—It is calculated that about $700,000 counterfeit hundred dollar legal tender treasury notes are now in circulation. For the benefit of the business public, especially those that read the most popular journal that was ever published in the United States, I will state the editor of the Chicago Tribune will give $1000 in the form of three of his widely spread journal, give some hints that will be useful to all. Ninety-five per cent of the business public are entirely ignorant of the only true act of judging; the greater portion judge it side by its general expression; some look for the hole, to see if they have often passed through the hands, and other ways equally correct. So to say that it is an honest, upright maker of our bankers believe it to only acquired by handling the notes for years; others depend much upon a bank note reporter, and after talking some time together by consulting that throw them away in disgust, when in fact the reporter is not at fault.

Reporters are good for all they pretend, viz: to warn you of the failure of the banks, and also to warn you of counterfeits after they are in circulation, they cannot before, and if they are a good imitation, they say better refuse

THE REPORTED DEATH OF GEN. OSBAND.—A telegram was in circulation a few days ago to the effect that Gen. Osband had published by his own hand a grave rebuke, or a physician which he had given him. The report is denied by the Gen. himself, and we are glad to say that the statement is positively without foundation.

DEAD.—Christian Baker, who on Thursday evening last was brought in the charge of an escort of sixteen for the avowed purpose of making his escape to the Confederate lines, died at the County hospital, and was buried on Saturday afternoon. Coroner Wagner held an inquest over the body at two o'clock in the afternoon of the same day. The jury rendered a verdict of "death by suicide."

MILITARY FUNERAL.—The funeral services of Col. W. G. Eaton, late of the 19th Wisc. V. V. I., will be attended at Kalamazoo, on Thursday, Feb. 1st, at 11 o'clock, A. M. Wells, the professional private Secretary of Detective General Baker, who on Saturday Sunday was re-arraigned in the Police Court to answer to the charge of selling the horses belonging to Barnett's circus from the Mansion House stable, on which he stated that he had been unable to produce any evidence to the contrary, and accordingly he was committed in default of $1,000.

HORSE STEALING AT ELGIN.—J. C. Converse, Esq., attorney at law, Beloit, Wis., was robbed, on the night of Thursday last, of a horse, carriage, &c., while he had gone to the house of Mr. Thisler, on the bluffs, a few miles from Elgin, to attend a party given for the benefit of the family. He had hitched his horse to the fence, and when he came out found only the shafts of his carriage remaining. The horse was found by Sheriff Hutchinson, of Elgin, on Friday morning, in the possession of a man named Hall, who had purchased it from a stranger for $100. Hall was arrested and committed.

ANOTHER INCENDIARY.—About half past 11 o'clock on Friday night, the dwelling house of Mr. J. W. Butler, West Lake street, between Halsted and Morgan, was set on fire by an incendiary. Officer Sporn discovered the flames, almost as soon as they had commenced operations, and the prompt conduct of Engineer Cowing, of the Fire Department, in connection with the police, resulted in the capture of the incendiary, who was lodged in the Armory. The fire did but little damage to the property. Information may be given in case of the property. Information may be given in case of the property. Information may be given in case of the property.
